EDUCATION

Vellore Institute of Technology (April 2026)
B.Tech. CSE | CGPA: 9.0

Shri Gulab Rai Montessori Sr. Sec. School (June 2022)
Higher Secondary | CGPA: 9.73

Shri Gulab Rai Montessori Sr. Sec. School (July 2020)
Matriculation | CGPA: 9.81

SKILLS

- **Languages:** Python, SQL, Java.
- **Data Analysis & Visualization:** Data Cleaning, Data Interpretation, Exploratory Data Analysis (EDA), Basic Dashboard Creation using Power BI & Tableau.
- **Tools & Technologies:** MS Excel, Power BI & Tableau (Beginner), Git, Familiar with AWS Cloud Solutions.
- **Core Competencies:** Data Analysis, Problem-Solving, Logical Reasoning, Requirement Understanding, Data Structures & Algorithms, Database Management System, Object-Oriented Programming System (OOPs).

PROJECTS

CropGuard (Oct, 2024 – April 2025)

- Analyzed 10,000+ labelled image records using Python to identify patterns affecting disease prediction accuracy.
- Improved model performance by optimizing preprocessing pipelines, increasing validation accuracy by 8%.
- Integrated a Convolutional Neural Network model into the Python-Django backend to enable image analysis and real time crop disease prediction with 97% accuracy, enhancing the reliability and speed of diagnosis.
- Built SQL queries to extract structured performance data and evaluate key metrics such as accuracy, latency, and prediction distribution.
- Designed interactive dashboards in Power BI for prediction trends, model performance KPIs, and user activity metrics.

RATIONSEVA (Feb, 2024 – May 2024)

- Analyzed transaction and user activity data to identify inefficiencies in ration distribution workflows.
- Wrote complex SQL queries for data aggregation, tracking user distribution patterns and system usage trends.
- Automated reporting dashboards in Tableau to monitor supply allocation, system uptime, and operational KPIs.
- Identified 3 key process bottlenecks that led to an estimated 45% reduction in overhead through digital automation.
- Created and deployed a robust digital solution using Python and Django, designed to ensure seamless performance and high availability for concurrent users, even under peak-load environments.

ACHIEVEMENTS AND EXTRA-CURRICULARS

ACHIEVEMENT

- Secured a finalist position in HackVega, a nationwide hackathon, demonstrating acute critical thinking and rapid prototyping skills under pressure.
- Secured an 'A' Grade with a score of 90% in the AWS Solutions Architect - Associate Certification Program from Ethnus, showcasing proficiency in cloud solutions.
- Achieved an 'A' Grade with a score of 93% in the MERN Full Stack Certification Program from Ethnus, in association with VIT University.

EXTRA-CURRICULAR

National Service Scheme, VIT Bhopal University

- Spearheaded planning for women's empowerment events during "International Women's Day," resulting in increased local participation and heightened awareness of gender equality issues among villagers.
- Impacted the residents with a skit that promoted gender equality and social change by bringing attention to women's rights, equality, and empowerment.

ADDITIONAL INFORMATION

- **Interests:** Gaming, Football, Motorsports Racing, R&B Music, Tech Trendy.
- **Languages:** English (Professional working proficiency), Hindi, and Punjabi (Native or bilingual proficiency).
